

# JOIN US FOR A VIRTUAL PUBLIC MEETING!

Over the last year, the San Luis Obispo Council of Governments (SLOCOG), our partner agencies and the regional community have engaged in an important study to plan for the future of rail on the Central Coast. The purpose of the *Coast Rail Corridor Study* was to examine opportunities for expanding intercity rail and bus connectivity and potential implementation of a future commuter rail or regional rail service within the Central Coast.

By 2045, our region will add over 40K people, and rail travel can serve as an attractive option for accessing and connecting people to jobs, school, medical and recreational destinations. The meeting will provide a Study update on the proposed implementation strategies for future rail services.

## REGISTER TO ATTEND!

For your convenience and to allow participation while social distancing, the meeting will be held virtually to share information and address your questions.

**Tuesday, May 18, 2021**  
**5-6:30 p.m.**

**Register at:** [bit.ly/CRCS\\_Public\\_Meeting](https://bit.ly/CRCS_Public_Meeting)  
**Password:** CRCS#2

**Dial-in:** 408-418-9388 | **Code:** 187 790 9497
